

FLAT ROCK COMMUNITY CENTER

Flat Rock, Michigan

The Community Center contains a Lap Pool, Aquatic Center, Gymnasium, Running Track, Fitness Center, Senior and Daycare Centers. It also houses the Flat Rock Recreation Department offices. It is situated on a beautiful wooded site on the southwest corner of the Gibraltar Road / I-75 service drive intersection. The building and parking areas have been designed to preserve a natural feel on the site. The exterior of the two-story structure is partially clad in rustic fieldstone and features covered porches and decks to capture forest and creek views.

Completed in Fall of 2004, this is one of the premier indoor recreation facilities in Southeast Michigan and compliments Flat Rock Community Fields, the city's baseball / softball complex which also is home to an outdoor skating rink.
