

LEWIS MEDICAL

Novi, Michigan

This facility prominently located at the corner of Haggerty Road and Lewis Drive, was specifically designed to address the unique requirements needed for a “state-of-the-art” Medical Office Building. The facility is centrally located on the site, allowing for parking on all four sides of the building. Patients entering the facility are protected from the elements by a covered drive.

A two-story atrium lobby provides for a small patient waiting area near the main entrance. Oversized elevators were installed to provide ample room for wheelchairs and stretchers. Large bay sizes allow for flexibility with regard to suite sizes and layouts.
